

READ ME FIRST

Dear Customer,

Thank you for buying a Digital Product. Prior to using your new RouteAbout Central EW module you must install and configure it. The following table describes how to get your module up and running.

Step	Action	Using . . .	Located in . . .
1	<input checked="" type="checkbox"/> Open plastic bag containing the QA kit	Tape (pull back tape)	Box with module
2	<input type="checkbox"/> Check part numbers (If any of these components are missing, call 1-800-332-7369 for replacement)	Part Listing in this Read Me First letter and in the box	QA kit and box
3	<input type="checkbox"/> Read the module's requirements / restrictions	RouteAbout Central EW Release Notes	QA kit
4	<input type="checkbox"/> Install the module	<i>RouteAbout Central EW Installation and Configuration</i> manual.	Box with module
	Note: Most modules have the software loaded. If it is not loaded or the image has become corrupted, load it from CD-ROM.	CD-ROM	Envelope in QA kit
5	<input type="checkbox"/> Configure the module (Ensure that the DEChub 900 MultiSwitch firmware version is V5.0 or higher.)	<i>RouteAbout Central EW Installation and Configuration</i> manual.	Box with module
6	<input type="checkbox"/> Install the software's online documentation	CD-ROM (This documentation is provided in DynaText document viewer format.)	Envelope in QA kit

To prevent loss of software complete the following steps:

Step	Action
1	Immediately after installation, back up the software image on the load host.
2	Retain the original CD-ROM software image to be reused for future loads.

The RouteAbout Central EW Internet Protocol (**IP**) product kit contains the following items:

Part Number	Description
DEZ8R-SB	RouteAbout Central EW with IP software or Standalone RouteAbout Central EW with IP software
QL-4P2A9-AA	Trade License Letter
QA-4P2AA-H8	RouteAbout Central EW IP QA Kit
EK-DEZ8R-IN . A01	RouteAbout Central EW Installation and Configuration Guide
