

**READ ME FIRST**

Dear Customer,

Thank you for buying this Digital product. Before using your new PORTswitch 900TP/12, you must install and configure it. The following table describes how to get your module up and running.

Step	Action	Using . . .	Located in . . .
1	Open the plastic bag containing the QC kit.	Tape (pull back tape)	Box with module
2	Check the part numbers (If any of the components are missing, call 1-800-332-7369 for replacement.)	Part Listing in this Read Me First letter and in the box	QC kit
3	Read the module's requirements/restrictions.	Release Notes	QC kit
4	Install the module.	<i>PORTswitch 900TP/12 Installation and Configuration</i> manual.	Box with module
5	Configure the module (Ensure that the DEChub 900 MultiSwitch firmware version is V5.0 or higher.)	<i>PORTswitch 900TP/12 Installation and Configuration</i> manual.	Box with module
